PROFESSIONAL SUMMARY

I'm Aditya Mishra, a versatile professional eager to learn new things and grow in operations and full-stack development. I've worked closely with founding teams in startups, where I handled everything from market research and competitive analysis to streamlining workflows and building internal tools. With hands-on experience in Java, Spring Boot, Shopify, and WordPress, I've developed efficient, scalable solutions that support backend functionality and user-facing performance.

TECHNICAL SKILLS

Languages & Frameworks: Java, JavaScript, HTML/CSS, Spring Boot, Hibernate, JSP, Servlets, MySQL, Rest APIs

Tools & Technologies: Git/Github

PROFESSIONAL EXPERIENCE
